

## Summer Reading Information for Students who will be in Kindergarten -4<sup>th</sup> Grade

We are encouraging students who will be in grades Kindergarten to 4th Grade to take part in the Leon County Public Library's Summer Splash Reading Program. Visit the Fort Braden Branch or any of the county's public libraries to get a folder with lots of good ideas for summer reading. Keep track of all of the books you read this summer and share the list with your teacher in August! Parents, encourage your children to read as much as possible this summer. Take time to read with them, to them, or listen to them read to you. You can have you child read books online through our schools' Sylvan E-books site:
