

What Do You Know About H₂O?

Research water and write a trivia fact about water on the lines in the water drop shape. Look for books about water in J 553.7 and J 363.6, oceans in J 551.46, and weather in J 551.5.

Next, color the water drop and turn it in to the Youth Services desk.

Next time you're at the library, look for your water drop in the rainstorm on the bulletin board!

A large outline of a water drop with a dotted rectangular box inside containing seven horizontal lines for writing.
